

ISOTRONIC[®]

**ANIMAL+INSECT
REPELLER**

PROTECT YOUR FAMILY

Wir sehen ... mehr und mehr verseuchtes Trinkwasser, belastete Nahrungsmittel und verschmutzte Luft, weil teure Chemikalien wie unter anderem Insektenvernichter sowohl im Haus als auch außerhalb verwendet werden. Eine Folge davon sehen wir in der wachsenden Verbreitung von Krankheiten wie SARS, dem Hanta Virus, Malaria, Dengue Fieber, Vogelgrippe, Salmonellen oder Asthma, die resistente Schädlinge wie Ratten, Mäuse, Mosquitos, Vögel, Katzen, Hunde und Schaben verursachen. Wir können jetzt damit beginnen dies zu verändern – mit unseren elektronischen Geräten gegen Schädlinge, Mosquitos und Krankheiten übertragende Tiere. Jeder benötigt Hilfe um sich, seine Kinder, Familie oder Freunde zu schützen. Wir haben alternative Lösungen, zum Teil wissenschaftlich geprüft, mehr als 30 Jahren Erfahrung und Millionen von zufriedenen Kunden in Europa. Fangen Sie jetzt an die Dinge zu verändern.

What we see ... more and more contaminated drinking water, food and polluted air because more and more expensive chemicals like pesticides are used indoors and outdoors. In consequence we see much more diseases like SARS, Hanta Virus, Malaria, Dengue Fever, Bird Flu, Salmonellae or Asthma caused by resistant pests, like rats, mice, mosquitoes, birds, cats, dogs, cockroaches. We can begin to change things now – with our electronic devices against pests and mosquitoes and illness spreading animals. Everybody needs help to protect himself, children, family friends.... We have alternative solutions, partly scientifically proven, more than 30 years experience and millions of satisfied customers in Europe. You can begin to change things now.

PROTECT YOUR HOME

Birds

Birds and pigeons are responsible for pollution on the surface of buildings, roofs, boats, cars. They can cause diseases like bird flu, eat your fruits and they can cause you sleepless nights/days.

A large green circular graphic containing several white silhouettes of mice in various poses. The silhouettes are scattered around the text.

MICE+RATS

Mice/Rats bring dangerous diseases and viruses with them, make noises, eat food, damage isolations within walls, on the roof. They pollute living areas with excrements and reproduce very fast.

 www.isotronic24.eu

ISOTRONIC EUROPE has been operating successfully in the international electronics market since 1979 and is already in its second generation. First-class service, customer satisfaction and continuous product innovations have always been the main priorities in our family business.

Kay Mezger, manager: "With due consideration to commercial and ecological target criteria, we would like to make it possible for people to have a better quality of life with our products and at the same time preserve our energy resources."

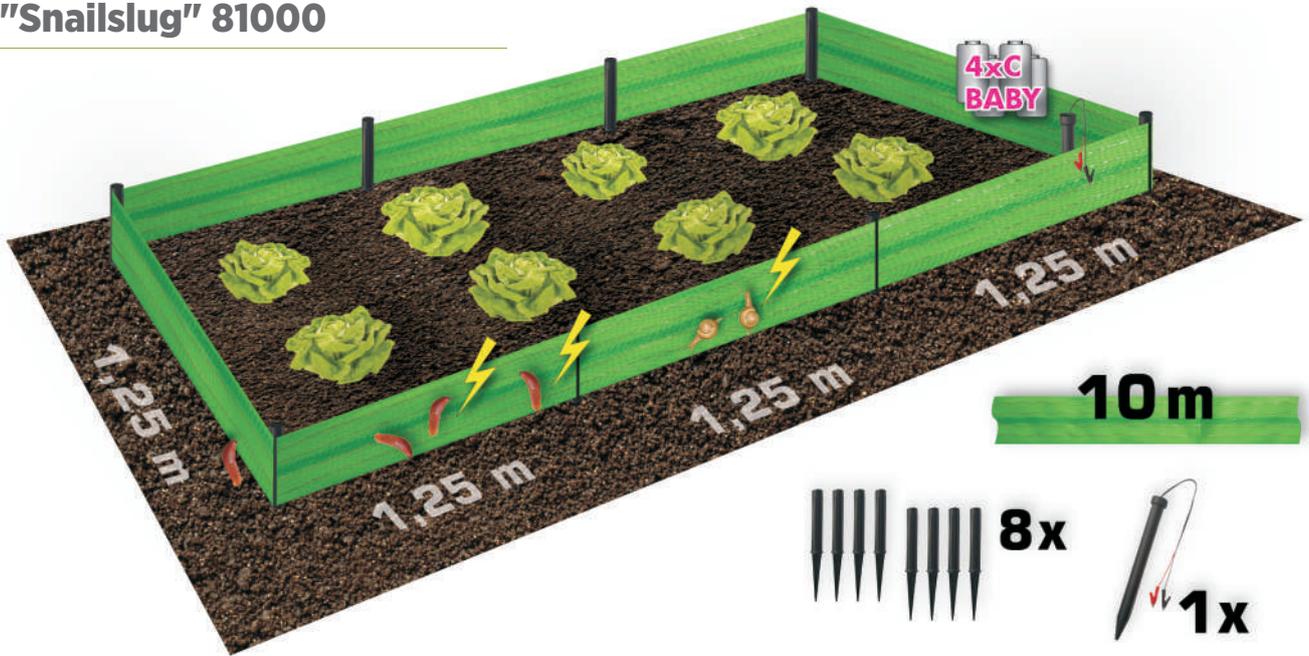

Bereits seit 1979 und in der zweiten Generation agiert ISOTRONIC EUROPE erfolgreich auf dem internationalen Elektronik-Markt. Seither stehen ein erstklassiger Service, die Kundenzufriedenheit und stetige Produktinnovation für unser Familienunternehmen an erster Stelle.

Kay Mezger, Geschäftsführer: „Unter Berücksichtigung ökonomischer und ökologischer Zielkriterien wollen wir den Menschen mit unseren Produkten eine bessere Lebensqualität und Schutz vor Krankheiten ermöglichen.“
